Education

2023 - 2027	Velammal College of Engineering and Technology B.E., Computer Science & Engineering CGPA: 8.62/10.0	Madurai, India
2021 - 2023	Mahatma Montessori Matric. Hr. Sec. School Higher Secondary Education Percentage: 87.83 Secondary Education Pass	Madurai, India

Intern Experience

Jun - Jul 2025	Vinsup Infotech (P) Limited <i>Data Science Intern</i>	Madurai, India
	- Built Netcurea, a hospital management system with multi-role workflows using React, Node.js/Flask, and MongoDB Atlas. Integrated an ML-based diabetes risk prediction module. - Developed analytics dashboards for patient intake and resource utilization, reducing manual reporting for clinical staff.	
Dec 2024	Kevell Corp <i>Web Development Intern</i>	Madurai, India
	Developed a e-commerce florist app in React using HTML/CSS, implementing component-based UI/UX principles for a seamless shopping experience.	

Projects

EarthPulse AI - ESG Intelligence Platform - https://earthpulse-ai-v.onrender.com	2026
Built a full-stack ESG intelligence platform using RAG and discourse graphs for claim-evidence contradiction and greenwashing detection, and integrated PDF claim analysis and supply chain network analysis with real-time dashboards.	
NetCurea - Hospital Management System - https://netcurea.netlify.app/	2025
Built NetCurea with automated scheduling and chatbot-based registration, integrated an ML-based diabetes prediction model, and developed healthcare dashboards using Power BI and Streamlit.	

Skills

Languages:	Java, Python, SQL, ABAP (Basics)
Software Development:	HTML/CSS, React (vite)
AI/ML:	Machine Learning, RAG, NLP, LLMs
Databases:	MySQL, MongoDB
Tools & Platforms:	Git, GitHub, Streamlit, Power BI

Research Contributions

Scene-Aware Ownership and Intent Breakdown Detection (SOID) NCVPRIPG 2026 Springer Proceedings, The LNMIIT, Rajasthan, India	[Presented]
